Dear Mr. Weisberg,

A month from today it will be 35 years ago that President John F. Kennedy was assassinated in Dallas, Texas. I was 14 at the time, and little did I know that the strangeness of it all would never let me rest again. As I learned from your excellent book "Never Again" this dramatic event changed your life in a far more drastic way.

Ofcourse I knew that you were among the first critics of the Warren Report. But I only learned through newspaper reports or quotations a small portion of what you wrote in your "Whitewash" books. Except for your 1995 book "Never Again!" I was never able to obtain in Holland a copy of any of your other publications.

It is my understanding that some of your books relating to the President's assassination are still available. I would welcome it if you could let me know if books like "Oswald in New Orleans" are still available and if you could send me a list of any other titles and how to order them. I assume that payments for books and postage can be made through my Visa Card.

Thanks for the first critical looks into the death of John F. Kennedy and awaiting your answer with every good wish,

Sincerely,

Willem J. Demmenie
